

# Mrs. Sandburg Had a Farm

On that farm she  
had some goats.

Goats are great!

Toggenburg  
goats are  
brown and white.

Saanen goats  
are white.

Nubian goats have long, floppy ears. They come in many colors and patterns.

You can pet goats.  
They feel nice and  
are soft to touch.

Goats like to eat grass in the fields at the farm.

Mrs. Sandburg  
milked the  
goats at the  
barn.

Sometimes park  
rangers  
milk the goats too.

Goats provide milk. People can drink goat milk and eat goat cheese.

Mrs. Sandburg  
had chickens and  
cats at the farm  
also!
