Hi all,

Thank you for being a part of this prep for regional brief next week. Chris has weighed in on agenda and I have included it here below. Notice times are tight.

I have included more slides than we will finally use most likely; however, we can identify some of those edit outs today.

There are a few edits needed still. For example, under 2014 LE graph of violations, you use Ocean Beach WPA when it is still Ocean beach SPPA. I have changed in summary text but could not on graph.

Have also included all SEIS comment summary slides, though i will summarize key points as I go thru them.

May need added slides on Envir: Range of Alts slide and Alts Considered but Dismissed. Not sure if there is time to make those now but you might cover that, Michael.
