Dear Ms. Lehnertz and Ms. Washington,

I wanted to write that I support the increased restrictions proposed by the GGNRA GMP. Too many San Francisco parks, including Chrissy Field, are being overrun by dogs to the detriment of native plants and wildlife and the health, safety, and enjoyment of other park patrons. Many dog owners cite that it is a minority of careless dog owners who cannot or do not control their dogs, pick up their feces, and do not abide by leash laws. That may be the unfortunate case, but the fact remains that these negligent behaviors occur far too frequently to allow them to continue unchecked. We need to get a handle on this messy situation and this plan is a great place to start.

Thank you,  
Cristina Infield
