I have a few edits to the detailed text which may or may not affect the presentation, but does raise the issue in a couple cases of what the FEIS actually says. See my edits and comments in the attached.

Thanks for copying me.

Tom and teammates,

Thank you for the great call this afternoon. Here is the revised-revised outline. Go ahead (Susan) and begin a PowerPoint for this. I put a couple of previous ppt files on the ftp site to help with format and background. Let me know if you have any questions.

Brian
