Dear Mr. Lehnertz and Ms. Washington,

I am writing to ask you to delay the GGNRA General Management Plan. I am a SF resident, responsible dog owner, and an engaged citizen. I do not believe that the current GMP should move forward without a final decision on the Dog Management Plan. As I wrote in my letter during the comment period for the GGNRA plan, we have a long-held tradition of off-leash dogs in our City's parks and appropriate research and discussions should be had with the entire community before any changes are made. It seems irresponsible to make any decisions that affect the daily lives of so many -- especially for those of us who visit our parks and/or beaches every day with our dogs -- of us without due process and an examination of the data and the facts.

Regards,
Heather
