Christine Lehnertz  
Regional Director  
National Park Service

Two weeks ago I wrote to you, like many others, with serious concerns about the General Management Plan. I also posted a note on your Facebook page about these concerns that received more “likes” than any other post on your page. Today, I am writing to understand your timetable and decision process for signing the decision of record. My request is that you meet directly with a cross-group of frequent visitors to the GGNRA recreational units to address the concerns before taking any action.

Is it possible to meet with you for a constructive discussion about what's taking place and how people are reacting to the plan that has been set forth? I have no doubt that by a greater ratio -- and growing -- there are more people who have expressed concerns about the plan in the past two months than the number who weighed in during the GGNRA comment period.

I would appreciate a response at your earliest convenience. If you are not able or unwilling to meet, I ask that you escalate my request to a National Park Service deputy director. Thank you for your consideration.

Sincerely,

David Emanuel
