Subject: GGNRA - Please Slow Down GMP
Date: Tuesday, May 27, 2014 3:30:09 PM

Dear Chris,

The NPS-GGNRA staff needs to slow down your drive to limit recreation, and you must not sign off on any new plans that could restrict our enjoyment of GGNRA lands.

We believe we do coexist and balance both so that we can protect recreational opportunities. Animals and people have been sharing the parks for more than 40 years. There is no credible reason to start denying access now.

Animals need a space to run and stretch their legs. Our city is so dense its hard to find areas for dogs.

Please do not sign the new plans. If you love animals you will not do this to the dogs and owners of San Francisco.

Thank you for listening.

Regards,
Yvonne
