Dear Director Lehnertz,

I just became aware that the Golden Gate National Recreation Area is moving toward restricting recreational access in the GGNRA as part of a "Decision of Record" signed into their General Management Plan.

I am strongly opposed to this decision as it sets the stage for expanding restrictions of all forms of recreation in the GGNRA.

This impacts all Bay Area residents who enjoy visiting this National Treasure. As a native of San Francisco, I have enjoyed the freedom of access and use in the GGNRA. The restrictive overreach of the General Management Plan will only reduce the enjoyment and use of all residents in this most dense urban setting.

I urge you to pause this bureaucratic process and listen to the voices, thus far ignored, of the people who are served by this unequaled natural gem.
