

Rock Sorting Sheet

Names: _____

Date: _____

As a group, you will sort your rocks based on something you can observe by sight or touch. How is your group going to sort your rocks?

Work together to sort your rocks. Try to have at least three categories. When you have finished sorting your rocks, record your observations in the space below:

Why do you think rocks can be so different from one another? Talk amongst your group and record some of your answers:
