Subject: Final GMP coming to town!
Date: Thursday, March 28, 2013 6:40:00 PM

Teammates,

Yes, the rumors are true. The Final GMP is scheduled to arrive on April 29 for an internal review period ending May 31, 2013. (Hide the children or ring the bells. Your choice.)

Please make arrangements for one last review of the document. The GMP/FEIS includes all edits discussed over the last year -- as well as the 100-page Response to Public Comments section. Think about which subject matter experts you want reviewing the document, too. We will have digital files, a few hard copies, and will use the customary comment matrix.

I will also work with you to schedule a couple of group meetings. If possible, please save these dates:

- 5/6 at Senior Staff
- 5/16 PM for a 2-3 hr. work session
- 5/29 PM for a 2-3 hr. steering committee wrap-up

Note that the Pacific West Region will be reviewing the document at the same time. Let me reassure you that Nancy and I will read through a final draft in early April looking for any red flags before sending it forward to PWR.

Many thanks for all your long diligence. Let me know if you have questions or suggestions for the review.

Brian
