Subject: GMP compliance items: Floodplains/Tsunami SOF and USFWS letter
Date: Thursday, July 11, 2013 6:35:45 PM

Frank,

I'd like to update you on a couple of things for the GMP.

One is the draft Floodplain and Tsunami Statement of Findings (SOF) that DSC, Tamara, Yvette, and I recently completed. It's a pretty straightforward documentation of the risk and our rationale for continuing to utilize facilities in the 100-year flood and tsunami zones. We want to get your eyes on it before including in the Final GMP. The statement will only be final in the ROD.

Second is to update you on our slow progress getting a better letter from USFWS about consultation for the GMP. Perhaps a call from you would help break this free?

We were on your calendar for Tuesday morning but I had to cancel.

Any chance you have 30 minutes for a meeting or phone call tomorrow? Maybe at 10 or 11?

I will leave the SOF with Janet along with FWS talking points if we need to do this next week.

Thanks.
