Hey Howard,

It's Samantha with the Point Reyes Light. We wanted to write something more about the final GMP/record of decision. I was wondering if you could talk to me about some of the responses in the ROD about dog walking, muir woods and the parking plan, and the comments the park got after the final came out about concern regarding recreation in the natural zones?

Let me know if you have any time today perhaps after 2:30 or so, or tomorrow morning and thanks,

Samantha
