Barbara,

Here's the one letter we received which identifies issues separate from the Dog Management Plan or Panoramic Highway parking lot. We haven't formed a response for each of the 9 points yet, but thought you should be aware of this before our call today.

See attached with my thoughts on the second paragraph of the GMP/DMP clarification.

Chris: Frank suggested I copy you on this. We'll finalize language following advice from Barbara on Mon. Idea is to preview to Rep Huffman and Supes Sears and Kinsey on Monday afternoon, so they can be supportive at the community mtg on Wed. Huffman won't be there on Wed, but the Supes will be. Howard

Attached is a consolidation of the FEIS clarifications re GMP v DMP, and MUWO Panoramic parking lot. I used most of Barbara's proposed language on the GMP v DMP

clarifications, and edited and generally conformed Brian's on the MUWO/Pano parking lot to Barbara's style. This version is intended to be concise and readable, yet complete.

I'm not sure exactly sure where or how this get plugged into the body of the current Draft ROD, but suggest it may fit best at the end of the DECISION (SELECTED ACTION) section.

Comments ASAP. Finished product needed by noon on Mon, June 16.

Thanks, all.
