Frank,

We should know soon whether we are clear to print the GMP or will need to give the Director another briefing. Park, DSC, Region, and WASO Planning all have fingers crossed that we can avoid another briefing, especially since we've only made a few minor changes as a result of public review. Anything you can do to reinforce that message would be helpful.

The only outstanding item will then be the letter. There is no requirement for a letter from the superintendent. Worst case is that we insert it with the printed document.

Keep me posted.

Thanks.

Brian

Hi Frank:

Give the attached letter a look. It has been reviewed by Nancy and Brian, then tweaked again by me. But since this is your letter to posterity, you should make it your own.
