Subject: FGMP to be released Friday
Date: Thursday, April 24, 2014 12:29:39 PM

Colleagues,

Everything is in order for the release of the **Final GMP/EIS tomorrow, April 25**. Copies of the plan were mailed to agencies yesterday, along with postcards to our full mailing list (3,500 addresses!) announcing its availability online. The PEPC site should go live tonight:

http://parkplanning.nps.gov/GGNRA_GMP

An email with the same information will also be sent to our 1,200 subscribers tonight.

Melvin is braced to receive a pallet of documents on Monday (about 150 +300 CDs) which we will distribute internally next week. (About 5 per Division, with a few for visitor centers.) I'm told they look great. James is ready for inquiries at the front desk.

I've uploaded the 2 volumes to the server if you want to have a look. They are large PDF files (25mb):

O:\Divisions\Planning\GMP

Since this is the Final GMP, there is no comment period. We have to wait 30 days before the RD can sign the Record of Decision -- which will also give us time to sign the new Programmatic Agreement that concludes compliance with NHPA (awesome effort by Abby Sue and her team). The target for the **ROD is May 28**.

We also plan to print about 2,000 copies of the presentation plan, which should be a convenient reference, after the ROD is signed. We can share these extensively, like with all of our partners.

Remember to direct inquiries to **Howard (725-8589) and Alex (786-8021)**, particularly if they relate to dog walking.

Let me know if there's something else we should be doing or if you have questions.

Thanks so much,

Brian
