**Subject:** Final GMP/EIS for Park Review - key dates  
**Date:** Tuesday, April 23, 2013 7:17:06 PM

---

GMP steering committee,

As mentioned earlier, the Final GMP/EIS is scheduled to **arrive on April 29 for an internal review period ending May 31, 2013**. Please make arrangements for one last review of the document.

The document will include all edits formulated over the last year as well as the Response to Public Comments section. Think about which subject matter experts you want reviewing the document with you. We will have digital files, a few hard copies, and will use the customary comment matrix.

After discussing this with several of you, I propose the following meetings to help develop and coordinate comments:

- **5/9 or 5/10** for an overview at Senior Staff retreat (*requested*)
- **5/14 from 9-12** for a work session in the GG Room. Frank and Aaron will join at 11.
- **5/29 from 1-4** to finalize and summarize comments. This will also be in the GG Room. DSC teammates may join by phone.

Note that Pacific West Region leads will be reviewing the document at the same time.

Many thanks for all your long diligence on this crucial document. Let me know if you have questions or suggestions for the review.
