I am writing to show my support for limiting dog walking in NPS areas. We are long time San Francisco residents and dog lovers. But the combination of the high pet population and inconsiderate pet owners have been making unregulated public spaces in the Bay Area open dog runs. I support limiting pets to defined pet areas, not allowing paid dog walkers and also strictly enforcing leash laws. These measures will help both preserve these spaces and make them usable to San Francisco residents and families.

Thank you,

Marc Infield
