Martha,

I am in an all day mtg out of the park, but do want to catch up with you perhaps tomorrow. I know of one comm dog incident where the person was asked to leave. It was a mistake and we have told Park Police that and they understand we are mostly still in an education phase on this unless other violations

emerge during the contact. Is tomorrow okay by phone?

hi frank,

i wanted to touch base with you about speaking with chris lehnertz. it would be great to speak with her soon about the ggnra gmp.

also, a cdw with eight dogs was given a ticket yesterday at baker beach. you told me that the enforcement for cdw permits does not go into effect until july 15th.

we have also heard that one ranger told a cdw that if a cdw receives a violation of their permit that it constitutes a felony. is this accurate? and if so, what is the enforcement provision for this felony?

as you are aware, i sent howard levitt an email (actually two emails) requesting information about cdw enforcement questions and concerns that i had and never received a reply from him. i sent him these emails in may, 2014.

angela gardener from all about paws will be emailing you today regarding some of these cdw issues.

thanks for help,

martha walters
