Hey Howard --

In cleaning up and finalizing the dog comms plan, Erin, Kristin and I took a long review of the draft plan.

Attached is a streamlined version of a Master FAQ list.

We also updated every piece of the plan (external FAQs, briefing statement, key messages and talking points) but they are all cut and paste from this master list. Our goal was to reduce redundancies and stay on message.

Mike and Michael would like to review the attachment, but I'd like to check in with you first. OK to share this with the team? I'd like us to have a final, final plan to present to Tom Crosson on Sept. 27. Thanks ... hale
