Hello,

This is to let you know that I DO NOT want you to sign the proposed General Management Plan that will limit recreation within the GGNRA. The GGNRA has historically been a wonderful place where people can enjoy the natural beauty of our California lands AND are able to recreate there such as surfing, hiking, horeback riding kite surfing, paragliding, and other activities. Limiting recreation on those properties is a horrible and misplaced idea.

My understanding is that the intended mission for the GGNRA currently includes "recreation" and should be kept that way; it was created to support recreation for the densely populated San Francisco urban area.

Please DO NOT signed the plan to limit recreation.

Thank you.

Susan Kent
