Nancy,

Ray and I have scheduled at meeting/call for Monday. Not sure the time since my calendar isn't working from home. I think we can get a cleaner draft to the RD shortly afterwards to included the parking lot language we drafted and final dog language from Mike (which I don't have yet. Only drafts.) Thanks for getting this rolling.

Brian

Frank is scheduled to meet with the RD on Friday June 26 to get the ROD signed.

When we met on Monday, RD asked that we send her the ROD draft to review.

Brian - I think you had planned to have something to send to the RD today, but I know that the Muir Woods meeting had your full attention. Please let me know where you are with this.

Abby Sue met with FIGR and is hopeful that the PA will be signed by all signatories in time for the 6/26 RD meeting, but we need to confirm that the ROD will be ready.

I am in today until 5, so let's talk today if possible.
