Attached is the proposed agenda for tomorrow's discussion on monitoring from 12:30-3:30. We will have two folks from out of town joining us as much as possible: Michael Edwards and Bret Meldrum who will be calling in on **1-866-732-0765 with Participant** (b) (5) .

Would ask that the rest of you be in GG room so that you can follow along with powerpoint still in development.

Thanks,

Mike
