Free, Daily Park Ranger Programs

Join a park ranger for free, daily walks, talks, hikes, demonstrations, and evening programs. Learn about geology, fossils, plants, animals, people, and more! Look for programs for children ages 6–14 during summer. Check visitor centers or go.nps.gov/gc_programs.

Protect the Park, Protect Yourself

Beat the Heat! Use free water filling stations, wear sunblock, and rest in the shade. The South Rim's high elevation and dry climate may adversely affect you.

When Thunder Roars, Go Indoors! Stay away from exposed areas. Seek shelter in a building or vehicle. Do not go under a tree. Be prepared for any type of weather: rain, snow, wind, or sun. In winter, trails and walkways may be icy. Wear over-the-shoe traction devices. Road and weather conditions: 928-638-7496 .

Keep Wildlife Wild! For your safety and theirs, please: Keep a distance of two bus lengths, do not give water or food, and drive carefully.

Stay behind railings and away from cliffs. Hold on to children. Do not back up without looking around.

Leave what you find: rocks, plants, artifacts, wood.

Please use recycling and trash receptacles.

Write a postcard, not graffiti.

Flying unnmanned aircraft (drones) is illegal.

Leashed pets are allowed on Rim and Greenway trails, but not below the rim, in buildings, or on shuttle buses. These limits do not apply to ADA-approved service animals. Check in at the Backcountry Information Center if you plan to hike in the canyon.
