Two Great Parks... One Great Place (P.2)

Welcome to the Park

Welcome to Indiana Dunes National Park, a breathtaking haven of natural beauty and rich history. Your presence helps support the preservation and maintenance of this extraordinary national treasure.

Indiana Dunes National Park is a fee collection park, and the fees collected play a crucial role in the ongoing efforts to protect and preserve this natural wonder. The revenue generated from these fees directly contributes to the preservation of the park's ecological and historical resources, ensuring that future generations can continue to experience its beauty. been completed with your generous support. These vital initiatives have enhanced the infrastructure and amenities within the park, enabling visitors to enjoy a richer and more sustainable experience.

Some of the projects completed so far include the emergency shoring up of the park's Bailly Homestead (interior and exterior), rehabilitation (exterior/interior painting/flooring) of the Paul H. Douglas Center for Environmental Education, parking lot paving and the upgrade of all solar lighting, stair replacement/repair at West Beach, Dunewood Campground and Long Lake. Glenwood Dunes restroom facility, Portage Lakefront and Riverwalk rehabilitation, and the replacement/ upgrade of the alarm systems at all visitor facilities.

We want to express our gratitude for your visit and for your continued support of America's National Parks. As you can see, your contributions through entrance fees directly contribute to the preservation and enhancement of our natural and cultural heritage. We hope that your time at Indiana Dunes National Park is both inspiring and unforgettable, and that you leave with a deeper appreciation for the remarkable natural wonders and historical treasures that this park has to offer.

Top Visitor Questions

What time does the park close?

Unless otherwise posted, all public use areas are open daily from 6:00 am to 11:00 pm (CT).

National Park Summer Hours: (Memorial Day through Labor Day) Visitor Center open 8:00 am to 6:00 pm Douglas Center open 9:00 am to 5:00 pm

National Park Winter Hours: (Labor Day through Memorial Day) Visitor Center open 8:30 am to 4:30 pm Douglas Center open 9:00 am to 4:00 pm

State Park open 7:00 am to 11:00 pm Nature Center open 9:00 am to 4:00 pm

Visit nps.gov/indu/learn/management/ lawsandpolicies.htm for more information on hours throughout the park.

Where can I buy food?

The local towns outside the park have lots of choices for restaurants and grocery stores. Within the park, visitors can grab a bite to eat at concession operations working at West Beach and Portage Lakefront and Riverwalk.

The Pavilion at Indiana Dunes State Park offers a number of options for different tastes.

Which trail is best to hike?

The national park has over 50 miles of trails and the state park another 16+ miles. You can find trail information and maps in this guide on pages 16-23. You can also download the NPS app at NPS.gov/subjects/digital/nps-apps. htm or visit our hiking page at NPS.gov/indu/ planyourvisit/hiking.htm.

Where may I climb a dune?

Long Lake Trail at West Beach has a dune face on the marked trail, which visitors enjoy climbing. In addition, it hosts the Diana Dare Challenge and a set of stairs to traverse the dune. Both dunes offer great views.

The 3 Dune Challenge at Indiana Dunes State Park offers guests the opportunity to reach the summits of the three tallest dunes in the park.

Can I take public transportation to the park?

Yes. The South Shore train has four stops near park access sites and runs between Chicago and South Bend. For a schedule, visit mysouthshoreline.com. See page 3 for transportation info.

Do you close the beach when high waves are present or E. coli levels are high?

No, except for West Beach. The national park does not close its beach due to water

areas, and you must determine what is safe for you. During summer months, lifeguards are stationed at West Beach and can close the waters if needed. Lifeguards are not present at other national park beaches.

State park waters are only open when lifeguards are on duty and conditions are appropriate for swimming. Call the state park for water conditions at 219-926-1390.

Call the Indiana Dunes Visitor Center at 219-395-1882 for information regarding E. coli levels.

Do you have a campground?

Yes. The national park has the Dunewood Campground (67 sites), the Dunbar Beach Group Site, and five Central Beach Backcountry sites. See page 5 for camping or call 219-395-1882.

Indiana Dunes State Park also has a large campground with electricity. They recommend reservations most of the year. For more information, see page 21 for state park info or visit camp.in.gov

Are the parks accessible? Yes. The national and state park have a multitude of increasingly accessible features. Turn to page 22 for the national park or call (219) 926-1390 for the state park.

Where can I buy gifts?

We invite you to visit the local establishments, some of whom focus on park visitors, which offer a wide variety of products to help make Indiana Dunes a place to hold dear. Contact our visitor center (page 2) for more information or go to indianadunes.com.

Do you have a Junior Ranger Program?

Yes! There are several Junior Ranger books to guide you on adventures through various park locations. Once completed, each participant will earn a badge or sticker. Pick up Junior Ranger materials at the Indiana Dunes Visitor Center or the Douglas Center. For more information, turn to page 7.

The State Park offers the Explorer Pin program for adventurers of all ages.

May I take my pet with me for a hike?

Yes. Pets are permitted on most park trails and beaches as long as they are leashed (6' or less) and waste is removed. Pets are prohibited inside government buildings, except for the West Beach bathhouse.

West Beach and State Park beach - From

prohibited on the beach within the lifeguarded areas. This area is the section of beach directly north of the bathhouse stairs and is designated along the beach with park signs. Pets are only permitted to walk through the lifeguarded area to reach the beaches on either side of the closure area.

Pets are not allowed on the Glenwood Dunes Trail, Pinhook Bog Trail and the designated nature play areas. This avoids conflicts with equestrian riders, protects sensitive vegetation, and compatible use with other visitors.

Where can I find the weather?

Weather conditions can mean a few different things, which may also include wave conditions, water temperatures, and beach monitoring (E. coli testing). These factors and more can be found on our weather page at nps.gov/indu/ planyourvisit/weather.htm

What are the fees?

Indiana Dunes is home to both a national park and a state park. Both are incredible parks that offer countless recreation opportunities. However, Indiana Dunes National Park is owned by the federal government and Indiana Dunes State Park is owned by the State of Indiana. As such, each park has fees and passes that are separate and unique. None of the passes and fees work between the two parks. For more information, turn back to page 3.

Can I get married in the park?

Yes. You will need a Special Park Use Permit (SUP), which is for activities that take place within a national park outside typical and ordinary visitor use. These events may include gatherings and activities such as weddings, sporting events, and sales. You will need written SUP authorization from the park before the event or activity takes place. For more information, visit NPS.gov/indu/planyourvisit/ permitsandreservations.htm

Can I run my business in the park?

Yes. You will need a commercial use authorization (CUA), which is a business permit with the National Park Service that authorizes an individual, group, company, or other forprofit entity to conduct commercial activities. These activities provide specific visitor services within a national park area. The National Park Service will only issue CUAs for commercial activities and visitor services that are determined to be an appropriate use of Indiana Dunes National Park, will have minimal impact on Indiana Dunes National Park's resources and values, and are consistent with Indiana Dunes National Park's purpose, management plans, policies, and regulations. If the driver is unable to stop in front of the center, then get off at the corner of 3rd and Lake Street and walk about 1 block north.

Things to Do

Beaches and Swimming

Oh, what a joy to find a six by six foot patch of sand all to yourself! Within that square you might find solitude, fun, adventure, nature, or companionship. Whatever it is that you may be seeking, your two sandy parks, Indiana Dunes State Park and Indiana Dunes National Park have a beach for you.

If you are looking for a spot for your beach umbrella, or if you need a place that provides that little extra bit of safety with lifeguards, bathrooms and showers, ample parking and terrific views, we have a perfect beach for that.

There are plenty of places to park at Indiana Dunes. Turn to page 12 for more detailed information about parking.

West Beach and Portage Lakefront have seasonal food vendors on location.

If you are coming from Chicago or South Bend, you can take the South Shore Line train and leave your car at home.

Biking

Discover much more than just sand dunes as you bike on an interconnected trail system that spans 37 miles across the entire length of the national park.

A wide variety of biking trails traverse the various habitats and cultural history of Indiana Dunes National Park. The varying lengths make it easy to choose the trail that's right for you. From a short easy ride to a challenging all-day trek, most of the trails are open all year, and the experience will change with each season.

Become a Junior Ranger

The Junior Ranger Activity Guide will help you explore the Indiana Dunes like never before. The guidebook can be picked up at the Indiana Dunes Visitor Center or the Paul H. Douglas Center for Environmental Education. When you complete the Junior Ranger Activity Guide, bring it back to either center to receive a Junior Ranger badge.

Birding

Located at the southern tip of Lake Michigan, the national park is an important feeding and resting area for migrating birds. Lake Michigan influences the migration patterns of bird species.

During fall migration, southbound birds follow the north-south shoreline and are funneled into the Indiana Dunes. The large expanse of open water and miles of shoreline also attract large numbers of wintering birds.

In addition to the larger Junior Ranger Activity Guide, Indiana Dunes has a Beachcomber Activity Sheet for families enjoying the beach for the day. You can pick up a Beachcomber activity sheet at the Indiana Dunes Visitor Center or Paul H. Douglas Center. Upon its completion you will receive a Junior Ranger sticker.

You can also download printable versions of these activities on our website.

- Paul H. Douglas Trail (Miller Woods) Featured hike: Moderate, 3.4 miles in length, hike time of 2 hours.
- Cowles Bog Trail Featured hike: Moderate to rugged, 4.7 miles in length, hike time of 4 hours. Park at park headquarters when Cowles Bog parking lot is full.

Covered picnic shelters with tables are located at the following locations along with modern restrooms. Cooking fires are permitted in the provided grills or an approved carry-in grill. An approved grill is a noncombustible container with an enclosed bottom and enclosed sides with a minimum depth of two inches. Charcoal must be cooled and safely disposed of in a noncombustible container or removed from the area.

The following picnic shelters can be reserved in advance at www.recreation.gov:

• Bailly Chellberg: There are three covered picnic shelters near the parking lot with one that is wheelchair accessible. The shelters are reservable starting six months in advance of

the desired use date. The reservation is good for day use from 6:00 am to 11:00 pm (CT).

• West Beach: There are eight covered picnic shelters near the parking lot with two that are wheelchair accessible. The shelters are reservable starting six months in advance of the desired use date. The reservation is good for day use from 7:00 am to 9:00 pm (CT). The shelter reservation does not waive the national park entrance fee or guarantee parking for your group. Plan to arrive early (especially weekends and holidays).

The following picnic shelters are available on a first come, first served basis:

- Glenwood Dunes
- Lake View Beach
- Mount Baldy
- Tremont

For reservations or more information, scan the QR code or visit our picnicking page at NPS.gov/INDU

Picnic tables are also provided in the Paul H. Douglas Center for Environmental Education's picnic area and Nature Play Zone, Central Avenue Beach parking lot, Dunbar Beach parking lot, Porter Beach south parking lot, Pinhook Bog parking lot, and at the Tolleston Dunes Overlook. Cooking fires are not permitted at these locations.

Arts in the Park

Artists and Photographers

Artists have been a part of the national parks since the 1870s. The famed Hudson River painters played a vital role in capturing the grand landscapes of the West. It was through their art that the public came to see these special places in America. Their surveys of the majestic landscapes motivated visitors to come witness the beauty for themselves.

The legacy of art continues with the Artistin-Residence program at Indiana Dunes National Park. The images created by the artist serve as great ambassadors for the inspiration, preservation, and stewardship of the dunes.

Artists who participate in this program receive residence for two weeks in exchange for a piece of framed art. The artists utilize park staff for their expertise and spend the days seeking their muse of choice as they explore the dunes.

If you would like to be considered to carry on this heritage visit the web page or scan the QR code on the right.

Fishing

Fishing is allowed under federal, state and local laws. You need an Indiana fishing license and a stamp if fishing for trout and salmon.

Fishing the Little Calumet River during the summer steelhead run is a worthy challenge and the Portage Lakefront fishing pier offers lakeside fishing.

Spring time is wonderful for fishing salmon, trout, bass, bluegill and pumpkinseed.

The summer season is good for yellow perch swimming close to the Lake Michigan shore. The summer also brings steelhead from the Little Calumet River.

Casting out your line for Chinook, Coho salmon, lake trout and Skamania steelhead is a great way to spend a day in the coolness of fall

As with any adventure, planning ahead is always a great idea to make good fishing memories. Start your fishing memory of a lifetime by visiting the web page linked on the right.

Geocaching

Join the Fun!

Geocaching is the outdoor adventure where players (called geocachers) use a Geocaching app or GPS to find hidden containers around the world. Visit Geocaching.com or download the free official Geocaching app to begin this fun activity.

Our various types of geocaches located throughout the park include:

Traditional Geocaches: Original type of geocache and most straightforward located at Chellberg Farm / Bailly Homestead Trail.

EarthCaches: Focused on special geological location that people can visit to learn about a unique feature of the Earth.

Lab Caches: These geocaches have questions that need to be answered in a special geocaching app called Adventure Labs.

Virtual Caches: Focused on discovering a location rather than a container.

To get started today, scan the QR code seen here, or visit our Geocache page at NPS.gov/ indu/planyourvisit/indianadunes-geocaching.htm

Historic Sites in the Park

The dunes are more than a beach

Most visitors to the Indiana Dunes National Park only think of the Lake Michigan shoreline and the sand dunes. Did you know that most of our national parks tell the stories of history and not nature? This park also has much to offer a history buff.

Joseph Bailly traded furs with the Potowatomi and Miami nations from 1822-1835 along the banks of the Little Calumet River at our Bailly Homestead site. The fur trade of beaver was so successful that eventually every beaver was eliminated to be made into fancy top hats in Europe. Today, the American beaver has returned to the dunes. Joseph ran his moderately successful fur trade post here and even made plans for Baillytown. He died before this dream could be realized, but his wife and daughters carried on here.

The World's Fair of 1933-34 in Chicago was themed a Century of Progress and, indeed, the five homes brought afterwards to the Indiana shoreline of Lake Michigan, showed new amenities like electric garage door openers and dishwashers. Each of these five homes showed quite different architecture styles. These homes have been restored by lessees, managed through Indiana Landmarks, and once a year, reservations can be made to tour the interiors.

The Anders Chellberg family, along with other Swedish immigrants, found employment through Joseph Bailly's son-in-law. After buying 80 acres and then clearing the forest for farming, the Chellbergs built a house, chicken coop, windmill and a building to store their grain. Animals like horses, goats, chickens, pigs, cats, and later cows helped the family to do work or were eaten. The farmhouse and barn are open for special events such as Maple Sugar Time in March.

Plan your adventure: You can hike the Little Calumet River trail to see the Bailly Homestead and Chellberg Farm, or visit the east beaches, Kemil, Dunbar, and Lakeview to walk around the Century of Progress District.

And Even Things to Do Later

Horseback Riding

Glenwood Dunes

1475 North Brummitt Road Chesterton, IN 46304

The Glenwood Dunes Trails are the national park's only equestrian trails. There is no horse rental concession. Horseback riding is permitted on a portion of the Glenwood Dunes Trails from March 16 to December 14. However, if there is sufficient snow cover for cross-country skiing (3 inches or more) before December 15 or after March 15, the trail will remain closed to horseback riding. Horses are prohibited in the winter to prevent accidents with cross-country skiers on the trail.

The parking lot is large enough for horse trailers. In the parking lot and picnic area, all horse manure must be bagged, removed from the area and disposed of appropriately. Horses are prohibited on all roads. Pets are prohibited at Glenwood Dunes year-round.

For more information, scan the QR code seen here, or visit our horseback riding page at NPS.gov/indu/planyourvisit/ horse.htm

Winter Activities

Hiking, cross-country skiing and snowshoeing are popular in the wintertime. If you need snowshoes, free rentals are available at the Paul H. Douglas Center for Environmental Education for use on the Paul H. Douglas Trail, weather permitting.

Visitors must bring their own snowshoes and cross-country skis at other places in the park. A 3 to 4 inch snow base is recommended. Trails are not groomed. Please call the Indiana Dunes Visitor Center at 219-395-1882 for trail conditions. State Park trails are also good for winter recreation.

Hikers and visitors using snowshoes are asked to walk to the right of the cross-country ski tracks whenever possible.

Sledding is permitted at two locations in the parks: just southwest of the West Beach picnic shelters on the east slope of the West Beach Trails and at the Devil's Slide in the State Park, just east of the main parking lot. Please call the Indiana Dunes Visitor Center at 219-395-1882 with any questions.

Snowmobiling is not permitted anywhere in either park.

For more information, scan the QR code seen here, or visit our winter activities page at NPS.gov/indu/planyourvisit/ winteractivities.htm

DVisit Pullman National Historical Park

A Story of American Opportunity.

In a growing Chicago neighborhood, diverse people and stories are intertwined. All were seeking opportunity. Some succeeded. Others were limited-by race, gender, or economic status. Their stories came together in Pullman, a planned industrial community famed for its urban design and architecture.

Park Rangers recommend to set aside a half day to explore Pullman National Historical Park.

If you only have a couple of hours, start at the Administration-Clock Tower Building to enjoy introductory exhibits by the National Park Service. A ranger can help craft a trip itinerary that best fits your interests for the day. There are a variety of options from joining a scheduled ranger tour, viewing the historic buildings around the neighborhood, and visiting the Pullman Exhibit Hall.

With an hour or less, we suggest grabbing a self-guided tour map and a park brochure before getting out there to see the historic neighborhood. However, consider coming back again to learn more about how Pullman stories transformed America and the world!

Core Hours & Location:

Weekly: 9:00 am - 5:00 pm (CT) Address: 610 E. 111th St, Chicago, IL 60628

To attend our ranger-led programs or events, we offer a handful of calendar formats which list a variety of park activities that will help spice up your vacation, or help breathe new life into your long-time love for the Indiana Dunes. Please remember that events within the park, require a national park pass (see page 3).

Instructions on how to use our website calendar:

- 1. Visit the park's website calendar page by scanning the QR code above or by clicking the calendar link at NPS.gov/INDU.
- 2. If you're planning to visit on a later date, but don't need to filter for a specific type of event, select a preferred day on the JUMP TO DATE calendar. Then scroll down.
- 3. If you'd like to filter the programs, click the dropdown to select "By Event Type" below the SEARCH FILTERS tab, and/or type your keyword (ex. hike) under "By Keyword." After that, click Search. Then scroll down.
- 4. If you'd like to view the listed programs around a specific date, click "Week" or "Month" above the program listings. Click the arrows next to the month's name to navigate through the months. Then scroll down.
- 5. If you're at the park or visiting in the near future, just scroll down, past the calendar and filters, to view a list of the current programs available.

Other Formats of the Park Calendar:

Facebook

- On our Facebook page, click on our Events tab to view upcoming events.
- NPS App On our park's page, click on the Park Calendar button near the bottom.

Bulletins Park event bulletins are placed at various trailheads and park beaches.

Visitor Center

Come inside for a bulletin handout at the reception desk.

Yearly Programs and Events

Education Programs in the Park

The National Park offers a plethora of educational opportunities.

From on-site to virtual tours, here are some suggestions of park specific activities to create your learning experience:

- 1. At the Paul H. Douglas for Environmental Education, located on 100 N Lake Street in Gary, you can visit the in-house reptiles, fish, and amphibians. While there, pick up a Jr. Ranger book that challenges you to go out into the park and find out more about it.
- 2. Also located at the Douglas Center complex is the Nature Play Zone, an area where there are no trails; just a large area to play in the sand, build a fort and discover the joy of outdoor play.
- 3. The Indiana Dunes web site at NPS.gov/INDU offers a series of virtual tours at many locations. Local geography, geology, flora and fauna are discussed. Scavenger hunts focusing on senses accompany these virtual tours.

- 4. Dunes Learning Center provides in-depth programming, summer camps, and teacher workshops. Visit DunesLearningCenter.org.
- 5. Schools and organizations can schedule a virtual or ranger-led program at 219-395-1885 or email christine_gerlach@nps.gov.

BARK Rangers & Pet Information

A nationwide National Park Service initiative to educate pet owners on responsible behavior began a few years ago and the Indiana Dunes National Park jumped on board shortly thereafter. Pet owners can pick up their onepage worksheet at the Paul Douglas Center for Environmental Education or the Indiana Dunes Visitor Center or print one from the bark ranger web page at www.nps.gov/indu/planyourvisit/ bark-ranger.htm

After a hike with your dog in the park and answering a few worksheet questions, simply return to the centers to receive a brass tag with

Indiana Dunes National Park logo for your dog. These tags are furnished by the Friends of the Indiana Dunes for a suggested donation of \$5.

Whenever you visit a national park, always ask if they have the Bark Ranger program as many do. If you are a frequent visitor, your dog can become a BARK ranger ambassador and sport a stylish Indiana Dunes scarf. These dogs and owners are tasked with roving the trails and

This program gets its name from the bark ranger rules:

- Bag your waste
- Always wear a leash
- Respect wildlife
- Know where you can go

beaches where dogs are allowed and informing visitors of the BARK ranger rules and program.

Please keep in mind that pets are permitted on most park trails and beaches as long as they are leashed (6' or less). Pets are prohibited inside government buildings, except for the West Beach bathhouse.

Also remember that at West Beach and the State Park beach, from Memorial Day through Labor Day, pets are prohibited on the beach within the lifeguarded areas. This area is the section of beach directly north of the bathhouse stairs and is designated along the beach with park signs. Pets are only permitted to walk through the lifeguarded area to reach the beaches on either side of the closure area.

Pets are not allowed on the Glenwood Dunes Trail, Pinhook Bog Trail and the designated nature play areas. This avoids conflicts with equestrian riders, protects sensitive vegetation, and compatible use with other visitors.

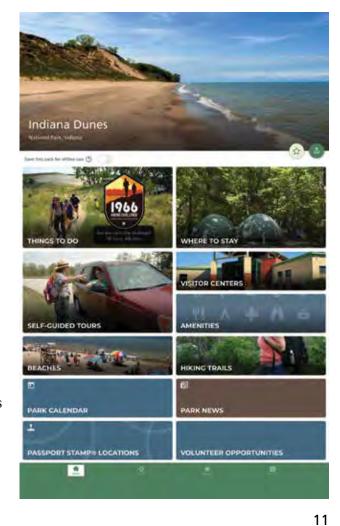

To see where dogs are allowed, check out our hiking guide on page 15.

We Are Now Mobile Friendly

Did you know our park has an official app? Well, it sure does, and its free! The National Park Service has had this app available since early 2021, but it's continually changing and it's all for the better. Not only is the app available for our park, but also 400+ as well nationwide, both Apple iOS and Android mobile friendly.

The NPS App was created by National Park Service staff—people who know national parks—to help you make the most of your visit. The NPS App takes authoritative information from park rangers and combines it with a great suite of features. Here's a quick look at some of those features. The app includes interactive maps, amenities, Things to Do, Accessibility, News, Alerts, and Events. You can also share your visit with others and download our park for offline usage.

And so the question remains... what's next? We're just getting started. If you don't find what you are looking for now, check back regularly as our rangers continue to add more ways for you to experience our park through the NPS app. The National Park Service is also planning to expand features, so stay tuned for more!

Hiking Spotlights

It is a ghost story re-told! We are daring you to be like the dune advocate Alice Mabel Gray, also known as Diana of the Dunes. She hiked and lived in the dunes on her own in an abandoned shanty for over 9 years in the early 1900s and took an interest in the history, ecology, and preservation of this place.

Starting from the parking lot at West Beach, hikers can climb the newly named Diana's Dune. Count the steps along the way! At the first wayside, you can pause on top of the great staircase and let the breeze surround you as it heightens your senses. At this boundless vantage point you can choose your view. You can gaze 36 miles into the distance to see the towering might of Chicago, the birthplace of our gallant advocate Alice. You can choose to see the abrupt line of contrast of where industry and nature collide. Or you can turn your regard to the delicate, diverse rolling beauty of the dune succession and its fragility. Remember to stay on designated trails.

Are You Up for the Challenge?

Looking to explore more of the national park and really see what makes the dunes so special? If so, here is the adventure for you. The 1966 Hiking Challenge is comprised of 19 hikes that cover 66 miles of trail in the park, celebrating the park's founding in 1966. The hikes will range in length from 1 to 7 miles and take place in every area of the national park. Those that complete the series will earn a free 1966 Hiking Challenge sticker!

BONUS: We will offer 19 weekly ranger-led 1966 Hiking Challenge hikes every Saturday beginning this summer. Don't worry if you cannot

make all 19 ranger-led hikes. A check-off sheet will be available at the Visitor Center, or the Paul H. Douglas Center, to complete the hikes on your own.

Ranger-Led Hikes

The National Park offers a wide variety of ranger-led hikes throughout the year. Not only are these hikes a great way to get outdoors with fellow nature enthusiasts, but also to learn something about the park from our park rangers firsthand.

Our specially trained park rangers will be able to give you great

information about the trail being hiked upon, other perspective trails, and hiking in general. Hikes such as the Cowles Bog Hike, Bailly/Chellberg History Hike, and the famous Mount Baldy Summit Hike, are just to name a few that you can enjoy.

All hikes are subject to change. Remember to always plan ahead, bring insect repellent, and dress for weather. To view currently

available ranger-led hikes, scan the QR code seen here, or visit the calendar page at NPS.gov/ INDU.

Our Pollinator Trail – Its all the Buzz!

Enjoy interactive exhibits along the Miller Woods Trail at the Paul H. Douglas Center.

To Bee or Not to Bee Informed! Learn all about bees and other pollinators. See if pollinators nest alone or in social groups. Don't see any pollinators? Find out where they are, inspect their homes and activities throughout the seasons. Do they migrate or hibernate? Discover the plants and colors pollinators are attracted to. What are their favorite foods? Learn about their needs for survival and how you can help by planting pollinator friendly greenspaces. Which pollinators are native? Are they in peril? Can you help?

The interactive exhibits are placed on the short one-mile loop segment of the Miller Woods Trail. The first wayside is directly behind the Douglas Center. You can find the beginning of the Pollinator Trail by entering through the Paul H. Douglas Center or from the trailhead located at 100 North Lake Street, Gary, IN 46403, (41.606466, -87.268527 (Decimal Degrees). If you choose to locate the exhibits from the trailhead, you will have to navigate a set of stairs that are located behind the building. You will find the first installation at the top.

Test your newfound pollinator knowledge as you extend your hike beyond the boardwalks and exhibits onto the 1.5-mile north segment of the trail to the Lake Michigan shoreline. Find yourself surrounded by native grasses and wildflowers as you stroll through a rare black oak savannah dabbled with marshes, open dunes, and beach, while you look for pollinators, food sources, and nesting habitats.

For more information about Paul H. Douglas Center or it's trail scan the QR code seen here or visit https://www.nps.gov/indu/ planyourvisit/deec.htm

Marquette Greenway Trail

The Marquette Greenway Trail is a 60-mile, accessible, paved, shared-use path that will link Illinois, Indiana, and Michigan together. 20 miles of the trail will be within the national park, running the full length of the park from Broadway in Gary to Mount Baldy in Michigan City! The trail will connect most of the park's major areas together including the Paul H. Douglas Center, West Beach, Portage Lakefront, Mnoké Prairie, Bailly Homestead, Chellberg Farm, Cowles Bog, Porter Beach, Visitor Center, Glenwood Dunes, Dunewood Campground, eastern beaches, and Mount Baldy.

Another exciting aspect of the trail is that it will be connected to South Shore Railroad's Gary Metro, Miller, Ogden Dunes, Dune Park, Beverly Shores, and Michigan City 11th Street stations. Most of these stations allow bikes on trains. This will allow many visitors to leave their car at home and visit the national park from as far away as Chicago and South Bend. The trail will give visitors new opportunities on how to get to, and around the park.

The trail has been in construction for over a decade with half of it completed. Recent state and federal funding have accelerated construction and most of the trail within the park will be completed within the next three years. Several trail sections like the Porter Brickyard, Dunes Kankakee, Salt Creek, and Singing Sands are completed and can be enjoyed today. Look for updates as several additional sections should be completed by the end of 2024.

For more information, scan the QR code seen here, or visit our biking page at NPS.gov/indu/ planyourvisit/biking.htm

Hiking & Safety

In case of an emergency or to report a crime, call 1-800-PARK-TIP (727-5847).

INSECT SAFETY

Insect Bites and Stings:

Ticks are present year-round. Take precautionary measures to prevent bites.

- Use insect repellent
- •Wear light neutral colored, long-sleeved shirts.
- Tuck pants into your shoes.
- Avoid outdoor activities at dawn and dusk to help prevent mosquito bites.
- •Avoid loose and brightly printed clothing to help prevent yellow jackets and other stinging insects.
- •Do not wear sandals while hiking; avoid wearing perfume, lotion and hairspray.
- •Insect repellents DO NOT work against stinging insects.
- If stung, seek medical attention if symptoms of a systemic allergic reaction develop.

SUMMER SAFETY

- •Remember to bring plenty of water to stay hydrated.
- •Stay in the shade when possible to prevent heat stroke.
- •Remember sunblock to protect your skin.
- •Wear UV blocking sunglasses.
- •Do not dig large holes in sand. It may collapse and bury you.

WATER SAFETY

- •Don't swim when the waves are high.
- •Wear a personal floatation device (PFD).
- •Keep your children in sight at all times, and small children should be within reach when in the water.
- Watch for drop-offs and holes in the shoreline.
- •Never swim alone.
- •Don't swim near piers or manmade structures in the water.
- •Be aware of water quality.

Maps Key

Paul H. Douglas Trail (Miller Woods)

The Paul H. Douglas Trail in Miller Woods winds through several habitats including wetlands, globally rare black oak savanna, open dunes and beach. The views of the lake and the dunes are incredible. The oak savanna's native grasses and wildflowers, including lupine, thrive in the sunlight and open forest floor. Please stay single file on the narrow trail to protect yourself from the abundant poison ivy along the trail edges as well as the fragile lupine habitat.

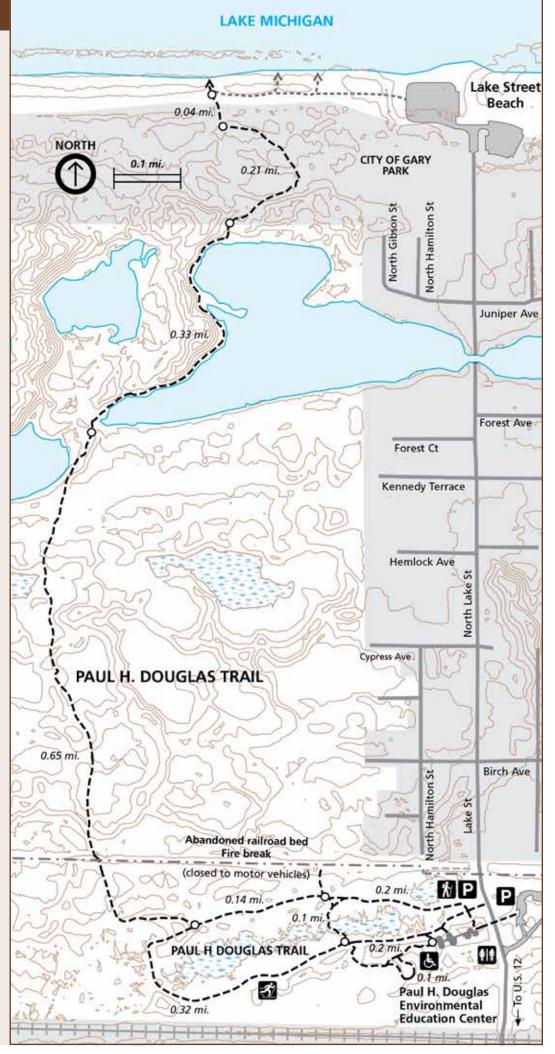

This featured hike is essentially an out-and-back trail. Starting from the Paul H. Douglas Center, take the trail north or counter-clockwise around the wetland complex. Look for wildlife including beavers. The trail will run west along the top of the wetland. At the trail junction, take a right and follow the trail to the north. The trail from this point is an out and back to the beach. The trail features beautiful scenery with small interdunal ponds nestled among oak savanna covered dunes teeming with wildflowers in the spring and summer.

Once you cross the bridge over the Grand Calumet River, the landscape changes dramatically into a world of towering sand dunes. The trail winds around and through the dunes all the way to the shore of Lake Michigan. After enjoying the lake, follow the trail back to the junction at the wetland complex. Follow the trail to the right along the wetland back to the Paul H. Douglas Center.

The trail surface is mostly sand with some sections of packed soil, gravel or boardwalk. The hike will take longer than you think due the loose footing of walking in the sand. The trail starts in relative shade but ends in the full sun. Please bring plenty of water, sun protection and dress in layers. The weather on the beach can be dramatically colder or hotter than in the woods.

Accessibility

EAccess for All

Working with partners and staff, we have made great strides in recent years in getting more accessible walking routes and other services for people with different kinds of abilities. Here are some new resources to use in the park.

Mobility assistance devices: Working with Dunes Learning Center and VOCART, the park purchased several wheelchair assistance devices. This innovative and rugged machine allows wheelchair users to be transported over rugged terrain, gravel, grass, and even sand. The device is motorized and operated with a joystick attached to the user's chair. The Freedom Trax (seasonal) is available at the Douglas Center during regular business hours for use on portions of the Miller Woods Trail. To reserve the device, contact the Douglas Center at 219-395-1824.

A second all-terrain wheelchair for youth is also available at the Douglas Center. This chair must be pushed or pulled. It has an extra long handle and a rope to assist the user in navigating rougher trails. It is can be reserved by contacting the Douglas Center at the number above.

For beach access, folks with mobility impairments can use a specially designed chair with large wheels that moves over sand and into the water easily and safely. Two chairs are available for use during the summer season at West Beach. Visitors can request their use at the front entrance booth or through one of the park's lifeguards.

Continue reading down the chart for more information about accessibility equipment at the park. You can also scan the QR code seen here, or visit the accessibility page at NPS.gov/INDU.

Access for All

Whether you use a wheelchair, are hard of hearing, or have limitations with sight, we have a variety of services and equipment available to increase accessibility for all visitors. Check out the table below or our website. Call 219-395-1824 with questions and to check out one of the assistive devices listed below.

Audio Described Park Brochure

The National Park Service has created an audio version of Indiana Dunes National Park's official map and guide, making it accessible to visitors who have visual impairments and cannot read the printed version.

This audio description can be accessed by visiting the Audio Described Brochure webpage on the park's website or by downloading the UniDescription mobile app on both Apple and Android devices.

The apps provide park brochures in acoustic media, designed for people who are blind, visually impaired, print dyslexic, or who prefer learning through sound.

To download the Unidescription app or to access the audio

Audio files of the park's brochure are available for download as well.

Accessible Virtual Tours and Park Videos Online

Another accessible feature we offer is our virtual ranger led explorer hikes, located on our Virtual Tour page. These hiking videos are closed captioned and include audio descriptions. Each video also has an educational component to help prospective visitors and students understand and prepare for what each location has in store.

For instance, Mount Baldy is a large dune that's continually on the move and has a great beach to enjoy, but because of continual erosion, the hike to the beach is not that easy. Instead of taking the risk of overexertion, now you can watch or listen to very knowledgeable ranger Rafi Wilkinson describe all of what Mount Baldy has to learn about it.

Support Your Park

For Future Generations

Donations (tax-deductible) will be used to fund maintenance, resource management and educational projects at the national park.

Programs that bring children into parks, or parks to children, or ensure we know how to keep the plants, animals, and waters of the parks healthy are invigorated through the interest of people like you!

To donate please visit our website or scan the QR code here.

Scout Programs

Some of the best Scouting adventures happen in National Park Service sites like Indiana Dunes. The National Park Service and the Scouts have been close partners for years, sharing a commitment to educate young people about camping, the outdoors, and the environment.

Girl and Boy Scout groups can venture to NPS sites to complete advancement requirements, perform service projects, and have a ton of fun. Here at the Indiana Dunes earning your Scout Ranger Patch is as easy as 1, 2, 3.

For more information about Scout Programs in the park, please visit the Scout Programs page at NPS.gov/ INDU or scan the QR code here.

Ways To Get Involved

Work With Us

We fill positions in many fields, including interpretation, maintenance, administration, resource management, education and law enforcement. Some jobs are office-oriented, others focus on working with the public, and some involve working outdoors. Each job performs a vital function in helping to provide visitors with an opportunity to enjoy a unique experience, while working hard to preserve natural and cultural resources for future generations.

For more information, SCAN HERE

There are many other ways to get involved at Indiana Dunes National Park, such staying up-to-date with park news-related issues and events, as well as park planning in making decisions on the management of park resources. Public support is a critical component in the management of National Park Service lands. No other federal agency relies as heavily on the generosity and kindness of its visitors, and we thank you for your it.

Partners Provide Keys to Success

Parks are so much more than the sum of their acres, facilities, or programs. They are not just government bureaucracies. They are thriving, dynamic connections between all kinds of people within these special places. Indiana Dunes thrives on partnerships. If you want to help and connect into this hive of activity and support, check out the websites of our partners below. Find your niche where you can make a difference. Visit NPS.gov/indu/getinvolved/partners.htm

Dunes Learning Center

Since 1998 they have operated a residential environmental education facility within the national park on the historic Camp Good Fellow property. They offer education programs for schools and youth organizations that range from in-depth day trips to week-long summer camps. Check out their work at www.duneslearningcenter.org

As their name says, they are the state and national park's primary "Friends" group, providing donations and support for a variety of programs and initiatives. Their members also volunteer hundreds of hours of time to assist with all kinds of projects in both parks. www.friendsofindianadunes.com

Indiana Landmarks

Indiana Landmarks saves the places that matter to Hoosiers—houses, barns, bridges, churches, schools, downtown districts, vintage neighborhoods. By restoring and repurposing historic buildings, we reconnect people to heritage and revitalize communities. At Indiana Dunes, Landmarks is helping to restore the Century of Progress homes and other cultural sites in the park. www.indianalandmarks.org

Northwest Indiana Paddling Association

This non-profit organization is all about educating people about where and how to safely paddle in the region. They host events and work to increase paddling opportunities in the area. Their volunteers have been helping to restore and clear the East Branch of the Little Calumet River as a paddling destination. www.nwipa.org

Save the Dunes

This is the advocacy organization that made Indiana Dunes National Park a reality in 1966. It was originally called the Save the Dunes Council and was led by Dorothy Buell in 1952. Now the park's main visitor center is named for her. This organization didn't stop when the national park was established but continues today to protect the land and water of the area for future generations. www.savedunes.org

Shirley Heinze Land Trust

For 40 years, this group of engaged citizens has preserved and restored thousands (2,700+) of acres of natural areas throughout northwestern Indiana. Their preserves have excellent hiking trails allowing visitors to see some of the diverse flora and fauna of the region. Check out their website for more details and plan a trip to a nearby nature preserve. www.heinzetrust.org
